

# Our clinic specializes in treating veterans

Army News Service, May 2, 2014: Brig. Gen. Norvell V. Coots, deputy commanding general of the U.S. Army Medical Command and assistant surgeon general for force projection, testified at a hearing of the Senate Veterans Affairs Committee about overmedication concerns, said, *"Acupuncture and other forms of alternative and complementary medicine are helping reduce the use of opioids to block pain in Army patients."*

## Insurance coverage for Veterans:

- Veterans Choice Program via the Veterans Administration
- TriWest authorization process
